WORK HISTORY

Freelance Motion Graphics & Design

Winter 2004 - Current

After Effects, Final Cut Pro and 3D based motion graphics. Experience in motion design and as a production artist. Designed and implemented several XHTML and Flash web sites. Shot both studio and non-studio photography and video.

Microsoft Game Studios

Spring 2008 - Winter 2009

Photoshop Production Artist at MS Aces Studio

Edited satellite imagery for the newest version of Microsoft Flight and Train Simulator, responsible for large amount of files, and checking in and out specific content.

Copious Creative Inc.

February 2007 - February 2008

Media Production

Produced all flash content for several websites, animation for DVD menus, motion graphics for Copious's demo reel, shot and edited photos of entire product lines, audio recording and editing for regional radio commercial.

George Fox University

August 2005 - April 2006

Help Desk Support Technician

Learned to troubleshoot both hardware and software issues on Macs and PCs. Also worked at the customer service desk.

SKILLS

Software

Adobe After Effects CS5, Final Cut Pro, Photoshop, Illustrator, Flash, Premiere.
Also Soundtrack Pro 2, Cinema 4D R11.5 and Syntheye.

People

Experience working under a creative director and collaborating with designers and coders alike.

Experience

I have been using both Macs and PCs for more than 10 years. Whether it's OS X or Windows 7 I am comfortable and efficient. I also have 6 years of SLR photography experience, during which I have taken over 15,000 photos.
